The vast size of this pool allows enough space for the whole family to enjoy with space for the children to play, and can seat 10 adults comfortably along the perfectly positioned bench seating.

With the Aquarius, you have the option of using the pool 12 months of the year, and as a large spa depending on your choice of upgrades! Add spa jets for massage and add heating to your pool with the options of gas, electric or solar, to extend your bathing time!

Our plunge pool installs are so quick and simple that those who are quite handy would be able to install the pool themselves, or with the help of a builder. You may also choose to utilise one of our experienced installers, located in selected areas Australia wide.
